

Questions and Answers for the Urban Model Improvement Program (UMIP) RFP

Question: The cost forms for Tasks 1 through 12 do not ask to submit a separate derivation of cost for each subconsultant, but the forms for Tasks 13 and 14 do. Is this on purpose, or do you want a breakdown of costs for subconsultants for all of the tasks?

Answer: It appears that the cost sheets for Tasks 13 and 14 have typographic errors. It was not the intention to have a breakdown of costs for subconsultants or have them submit separate derivations for any of the tasks. This statement was taken out of the cost sheets for Tasks 1-12 and missed on 13 and 14. New cost sheets for Tasks 13 and 14 are attached to this document.
